And were likewise presented at a former Service in the 12th Year of the Reigne of late Queen Elizabeth & enjoyed accordingly without Denyall or Contradiction for ought Wee know till of late some stay of Payment made upon the Reasons above mentioned And it appears plainly by many ancient & later Rentalls, That for such Lands as any Quit Rents have been usually paid to others there have been no Quit Rent paid or in charge to be due to the Chief Lord for the same Lands.

12.

TO THE TWELFTH ARTICLE Wee answer. That there is no incroachm^{ts} made upon the Lords Wast called Shutor's Way, Saving only one Cottage which was set up by the Church Wardens and Overseers of the Parish of Barkhamsted S^t Mary's als Northchurch by Order & Consent of S^r Edward Carey Knight then High Steward there for the time being, to the use of the Poor of Northchurch, whereof there is no Estate granted nor any Rent reservd for ought Wee know.

AND for further answer to the said Article, Wee answer & present That Francis Wethered Gent^l holdeth certain Ground before his Dwelling House inclosed with a Pale the certainty whereof Wee know not, but refer Our Selves to further Consideration upon the View thereof and of a Presentm^t thereof made heretofore, and whether he did take it up by Copy or not Wee know not.

ELIZABETH WETHERED Widow likewise holdeth [&c.] One Little piece of Ground lyeing before her Dwelling House in Barkhamsted S^t Peters aforesaid inclosed with a Pale.

AND concerning the last part of the said Article Wee

answer That all the Tenants as well Copyholders as Freeholders of this Hono^r within the said Burrough & Hallimote Time out of Memory of Man have and may by the Custom of the said Mann^r digg Clay Sand Lome Chalk Marle & such like in any convenient place of the Wast for the Repara^{co}n of their Tenements or other necessary Uses without any Lycense for the same. But concerning the digging of any Earth for the raising of Soyle to help their Lands being in a barren place If any offend therein they have been and usually they are presented and fined by the Oaths of the Afferors being Sworn for that and other Purposes according to the Custom of this Hono^r.

13.

TO THE THIRTEENTH ARTICLE Wee answer That the said Town of Barkhamsted is an antient Burrough & Market Town, and very likely has been a Corporation and time out of Memory of Man always reputed to be a Burrough and so ever continued and entitled by the Name of a Burrough in all antient & latter Court Rolls, and as Wee have heard hath had divers antient beneficiall Libertys & Priviledges and other Means of enriching the said Towne being then in great Trading & [in] flourishing Estate at such Time as the Castle was maintained and inhabited or much frequented by the Kings of this Realm & concourse of People, by reason thereof And that the said Bailiffes of the s^d Burrough have and do usually receive the Wayfs & Estrays & such like Profits happening within the said Burrough to their own use without making any Acco^t for the same for which said Profits happening within the said Burrough the said Bayliffes have been time out of the Memory of Man & yet are charged and chargeable with the safe Custody of all Felons apprehended within the said Burrough during the time of their keeping there at the proper Charges of the said Bayliffes without any Allowance for the same other than the said Profits & other Casualtys happening within the s^d Burrough And concerning the yearly Value of the said Wayfes Estrayes &^c so happening within the s^d Burrough Wee cannot certainly set downe being in themselves so uncertain But Wee esteem them not to be worth above 10^s p^r Ann. Neither do Wee know certainly of any yearly Rent paid for the same, but as Wee have heard that the said Bayliffes do pay Yearly for the same and for the Fayre and Market 20 Shillings to the Prince His Highness or to his Bayliffe or Receiver there for the s^d Hono^r.

14.

[14] TO THE FOURTEENTH ARTICLE Wee answer
That the Church Wardens of the Town of Barkhamsted
S^t Peters for the time being, have time out of Memory of
Man received the Profits of a Tenement & Orchard and
likewise of the Court House & Church House for the Re-
lief of the poor. For which Tenement and Orchard there
is a Rent of Four pence paid Yearly to the Lord of the
Manno^r. And for the Church House a Rent of 12
pence paid Yearly to Francis Barker And that the Court
Lofte being now used for a Market House was built as
Wee conceive at the Charge of the Towne by the Con-
sent of the Lord of the Mann^r for the Time being for
the necessary use of the Market And 2 shillings &
2 pence rent paid for the same. And for the more
fitter use of the Market there hath been of late a little
House built, at the Charges of the Town for a Butter
Market House for which as it seemeth there is an in-
crease of 2 pence p^r Ann 2s. 2d.
2d.

15.

TO THE FIFTEENTH ARTICLE Wee answer.
That Wee know not the Names of any Burgages, and
therefore know not the Names of any such Burgages with-
in or belonging to the Burrough of Barkhamsted Nor what
Lands or Tenem^{ts} they hold or what Rents they pay or of
any Freeholders of the same or their Rents or whether
they or any of them ought to do any Harvest Work as
in the s^d Article is mentioned.

16.

TO THE SIXTEENTH ARTICLE Wee answer. That Wee know not who holdeth any Land holden in Seriantie, But as Wee have heard, that there are certain Lands cont^d by Estim^t 30 Acres be it more or less called Somners which were purchased by Dr. Incent Sometime Dean of Paulls, And given by him towards the Maintenance of the Free Schooll in Barkhamsted & afterwards united to the said Schooll by Act of Parliament in the Time of King Edward the Sixth, and is more fully set forth in the Tenth Article touching the Schooll Land, which Lands Wee conceive to be the Land intended by that Article, For that it appeareth to be for Sunioning the Courts and to attach wth Office the now Bayliffe holdeth on the Right of y^e Schooll.

17.

TO THE SEVENTEENTH ARTICLE Wee answer. That Wee know not such Land by the name of the old Assart Land nor any such like, And cannot set forth the Tenants thereof.

18. DIFFERENCE BETWEEN GREAT AND
LESSER TENURE.

NORDEN'S
SURVEY.

18.

TO THE EIGHTEENTH ARTICLE Wee answer.
That Wee know not any such Tenures by the Names
of the greater or less Tenure as are mentioned in the s^d
Article, and therefore cannot set down the Difference of
the said Tenures.

ANSWER. 19. LANDS LATE OF EDMOND LE VENURE AND 199
OTHERS; TENANTS, TENURE, SITUATION.

19.

TO THE NINETEENTH ARTICLE Wee answer,
That Wee know not any such Land late Edmond le
Venure or William Torgis as are mentioned in that
Article, and therefore cannot setforth the Tenants there-
of nor have heard who they are or whether they do or
ought to pay any such Knyves as are likewise men-
tioned in that Article neither do Wee know the Lands
late Pollards, but concerning the Brethren Lands, We
conceive the same to be united to the Schooll, for there
is certain Lands called the Brotherhood Lands, as ap-
pears by the Terrio^r of their Particulars, but what Rent
is due for the same Wee know not.

20. SEVEN TENANTS WHO PAY 2^s 4^d FOR
STALLAGE, ETC.

NORDEN'S
SURVEY.

20.

TO THE TWENTIETH ARTICLE Wee cannot
say anything.

ANSWER. 21. RENTS OF CERTAIN PARTICULAR TENEMENTS. 201

21.

TO THE ONE AND TWENTIETH ARTICLE
Wee answer, That first concerning the Tenement and
Curtelage in the Tenure of Richard Griffyn, That Wee
know not what Rent is due for the same other than by
Information of the said Richard Griffyn he is to pay only
three Pepper Cornes when any King or Queen is crowned
in the Castle of Barkhamsted, And for the Tenement &
Backside of Thomas Roberts, Wee answer That the Rent
is 4 pence p Ann. And likewise concerning the Mes-
suage att Rothewaie and 50 Acres of Land late Francis
Wethereds & now Russell Webbs Wee answer That it
appeareth unto Us by the View of two Severall Releases
shewed unto Us by the said Russell Webb, That the
said Messuage & Lands were purchased of One Moreton
who as Wee conceive was Lord of the Mannor of Maud-
lyns and a Yearly Rent of 20 Shillings reserved upon
the Purchase, which Rent appeareth to be released by
the said Releases And further concerning the Tenement
and 20 Acres of Land called Playstows & Readings in
the Tenure of Richard Wood the Rent thereof is 6^d p
Ann. And also concerning the 60 Acres of Land &
Wood in Millfield in the Tenure of Richard Gearey Wee
know not what the Rent is. But the Land containeth
about 60 Acres.

22.

TO THE TWO & TWENTIETH ARTICLE Wee answer, That Wee know not of any such Court as is mentioned in that Article by the Name of the great Court of Barkhamsted or other Court except the Court Leet or [&] Court Baron holden Severally for the Burrough and Hallimote nor what the Yearly Profits of the Pleas of the s^d great Court are worth not knowing the nature or use of that Court or any Court called by the Name of the Portmote Court except it be intended to be that w^{ch} is called the Burrough Court, concerning the Yearly Profits of which Burrough Court and of the Pleas Profits and Perquisites of the said Hallimote Court the same are best known to the Steward & Bayliffe or Receiver of the Prince his Highness there for the Time being, having the custody of the Rolls & Estreets of the same Court, But Wee esteem them to be worth about 6 shillings 8 pence a peice ¶ Ann Sometimes more Sometimes less, besides the Fynes upon the Admittances of Copyholders which are sometime more or less as the cause[s] shall happen which said Profits of the said Burrough Court the Bayliffs of the said Burrough Court have usually receivd as belonging to them without any Acco^t for the same [other then formerly].

And for the taking the Profits of all other Courts, Saving the Burrough Court the Bayliffe or Receiver of the Hono^r have & do usually receive the same and likewise the Fines upon the Admittances of Copyholders

at the said Burrough Court and likewise all Fines & other profits of the Hallimote Court But by what authority the said Bayliffe of the Hono^r receiveth the same Wee know not other than as Wee have heard that he is authorized by the Prince his Highness or some of his Superior Officers to receive all Rents & Fines upon Admittances of Copyholders And other Profits belonging to the Prince and that he receiveth the other Profits of the Hallimote Court in the Right of the Freeschooll.

And further concerning the Profits of the Market & Fayres Wee answer. That there is only one Fayre holden yearly in the Town of Barkhamsted aforesaid which is on S^t James Day only where antiently as Wee are credibly informed there was another Fayre there holden ab^t the 3^d of May which continued 7 Days and one Market weekly w^{ch} is on the Monday, the Profit of which Fayre yet continued on S^t James Day the Bayliffs of the Burrough Time out of the Memory of Man have received to their own use & have and do usually pay 20 shillings ¶ Ann as is before mentioned in the 13th Article.

But concerning the Toll of the Market the Church Wardens of the s^d Towne of Barkhamsted for the time being Time out of Memory of Man have received and taken the Profits thereof & imployed the same towards the repaying of the Church and relieving of the Poor, for which the Church Wardens have & do pay yearly to the Receiv^r of the said Hono^r the Sum^e of 7^s 8^d which Rent was unknown both to the Inhabitants & Church Wardens of the said Towne and to the Jury of the last Survey till within 9 or 10 Years last past or thereabouts.

And concerning the Yearly Value of the Profits of the Toll of the Market & Fayre Wee cannot certainly Set downe being as they are in themselves uncertain Sometimes more sometimes less. But Wee esteem them to be worth about five pounds p^{r} Ann and not much more clearly by reason that the said great Fayre of 7 days is meerly discontinued long since And the lesser Fayre yet in use is much lesser than in former time by reason of the Castle being decayed and no Habitation or use there as antiently have been And the Discontinuance of the s^d antient Libertys & Priviledges and Decay of two or three Mills, And the great Decay of the Town both of Trading and otherwise And the Market likewise almost quite overthrowen, by reason that there be of late years many new Markets, Vid. Three New Markets granted or Set up not above 3 Miles distant from the said Burrough or Antient Market Towne and three other Markets within Six Miles thereof insomuch as that there is not usually within the said Market within the said Burrough not above Ten Quarters of all manner of Grain in any one Day one time with another And no Market for any manner of Cattle in the whole Year but only at the s^d Fayre on St James Day, whereas in some of the said New Markets not above 3 Miles thereof it is conceived that there is usually 200 Quarters & sometimes 250 or 300 Quarters of all manner of Graine, and good Store of Cattle there every Market Day.

23.

TO THE THREE & TWENTIETH ARTICLE as to the Setting forth of how many Acres doth a Yard Land contain, and how many Yard Lands do make a Carue or Plow Land and how many Foot go to the Pole or Perche by the Custom of this Hono^r Wee answer That there is no such Name or Use of a Yard Land within this Mannor now in being, Nor of any Carewes of Land within the Time of Our Memory But Wee hold a plow Land do contain 150 Acres or thereabouts, And that 16 Foot & a half is accounted for a Pole or Perch by the Custom of this Hono^r But as Wee have heard that the Prince his Highness Lands are accounted here & elsewhere to be 18 Foot to the Pole.

24.

TO THE FOUR & TWENTIETH ARTICLE.

We answer. That the Manno^r of Maudlins Nothcot Court & Durrante are Parcell & belonging to the Hono^r of Barkhamsted and a great part of the s^d Manno^r dismembred as appeareth by severall Presentm^{ts} at divers Courts holden wthin the said Hallinote whereunto Wee refer Our Selves. And further touching the last part of the said Article Wee have already answered fully in the Answer to the latter part of the Second Article.

25.

TO THE FIRST PART OF THE FIVE AND TWENTIETH ARTICLE Wee answer That Wee know not who holdeth Holcots Mead Turpin's land Aspleys House in the Shoprow or the Land mentioned to be let to farm to Richard Swyfe.

To the Residue of the s^d Article touching Hunt's Lands Wee answer first concerning Hunt's Lands in Woodgreen & certain Land called Hunts Land lyeing near the Field called Wood field and other things mentioned in that Article Wee do not certainly know any such Land by these names. But as We conceive by the View of some antient Deeds That some Land called or known by the name of Hunt's Land is lyeing upon a Hill called Hunt's Hill And as Wee conceive is or hath been parcell of the Demeasns of the said Hono^r and laid into the Park, as appeareth by certain Bounds menconed in the said antient Deeds. But whether the said Land mentioned in the said Deeds be the Land intended by that Article or who holdeth any other part thereof Wee know not neither can Wee conceive except certain Lands containing by Estimation 40 Acres or thereabouts in the Tenure of Rich^d Dean lyeing upon the same Hill called Hunt's Hill inclosed from the Park which the said Richard Dean holdeth by Lease from S^r Edward Carey Kn^t by the Yearly Rent of 9 pounds paid to Thomas Murrey Esq^r to the use of the Prince his Highness which said 40 Acres now lye in four Closes but as Wee

have been credibly informed by One Henry Field the Elder being about the age of 80 years & of good Credit and also of some others, that 20 acres thereof or thereabouts did lye into the Park about 60 years past and the other 20 acres were then hedged from the Park but yet used by those which yⁿ had the keeping of the Park And at that time one William Field Brother to the said Henry Field did enjoy certain Lands called Cranshawes [Craushawes] Lands and about 9 or 10 Acres now in the Tenure of the said Richard Dean w^{ch} did lye between the Heath & the said close of 20 Acres, and as Wee have likewise heard one Hickman did then hold some Land there cont^y by Estimac^on 1 acre next the Heath & some other Land there cont^y ab^t 3 Roods now belonging to the Freeschooll of Barkhamsted.

And further concerning the Lands called Preens Wee answer That Wee know not any Lands which were late Walter Preens that paid 8 pence Rent. But we know a Close of Copyhold Land cont^y by Estim ab^t 14 acres be it more or less called Great Preen's Field or Prynes [Preens] Land in the Tenure of Roger Turner which payeth the Quit Rent with other Lands mentiond in that Copyhold, And one other Close called little Prynes [Prins] Field cont^y by Estim 5 Acres & 1 Rood or thereabouts which payeth 2 Shillings Rent p^r Ann. But whether the said Lands are the Lands mentioned in that Article or not Wee know not.

And further concerning the Place called Denn Wee answer, That Wee know not any such place called Denn as is mentioned in the s^d Article nor of any Messuage with a Carew or Plowland by that name or of any Land late Pyrrots. But Wee know two places the one called Wessenden & the other called Ottenden. And likewise

divers Places called Deanes in the said Parish of Barkhamsted S^t Peters & Barkham^d S^t Mary's als Northchurch Viz^t One called Coopers Dean, One other called Goldsmith's Dean, One other called Bourn Dean, One other called West Dean and one other called Adam's Dean. And Wee know certain Lands called Dean Fields cont^y about 50 Acres w^{ch} James Mayn Esq^r holdeth, upon w^{ch} there has been no Messuage during the Time of Our Memory, Neither did Wee ever hear of any thereupon till wth in two years last past the said James Mayn did build a Messuage upon the same, and laid some other Lands thereunto, For those Dean Fields of themselves were heretofore used with other Farm Houses being not of themselves half a plowland, according to the Com^on Accompt or Usage within this Hon^r. But whether those Lands called Dean Fields or any the said Places called Deans or the other before mentioned or any of them are the Lands mentioned in the said Article or not Wee know not.

And further concerning the Lands called Amberleyes Wee have already answered in the Answer to the Tenth Article.

And further concerning the Lands called Gallowaies Wee answer That there is certain Copyhold Lands cont^y by Estim 38 Acres of arrable Land & Wood called Gallowaies Field whereof Arthur Blunt Gent^l hath 8 Acres William Edlyn hath 19 Acres and James Shermantyne the Second Son of James Shermantyne deceased hath 11 Acres upon which there hath been a House builded of late years which are more plainly set forth before amongst their Copyhold Lands and to be holden by them.

And further concerning the Meadows called Banckmill Meadows Wee answer That there be divers Meadows called Banckmill Meads near adjoyning to the Moore, And great Banks where the Mill called Bankmill did stand, whereof Arthur Blunt Gent^r holdeth one Mead Some time two Meadows cont^d 5 Acres or thereabouts by Copy of Court Roll Upon which as Wee have heard there hath been a House standing and lyeth upon the South side of the River. Also John How of Little Heath holdeth one little Meadow on the Same Side next the Lane cont^d by Estim 1 Rood or thereab^s by Copy as appeareth more plainly by the Presentments of the Copyhold or Customary lands.

And further concerning the Close called Capps Croft Wee answer That Wee know a Close called Capps Croft cont^d by Estim 5 Acres be it more or less neer the Tenement of James Mayn Esq^r and adjoyning to a Parcell of Land of Edmond Young Esq^r cont^d by Estim 2 Acres & $\frac{1}{2}$ or thereabouts towards the South lately laid together in one Close. But whether the same Close of 5 Acres is the Croft mentioned in the said Article or not Wee know not. But the said James Mayne holdeth the said Close called Capps Croft in his own Right, and during all the Time of Our Memory reputed as his own Freehold, and so is for ought Wee know, and is parcell of those Lands for which he payeth yearly to the Prince his Highness 12^s 2^d for ought Wee know.

And further concerning the 40 Acres mentioned in that Article called Hests Wee answer That there are certain Lands called Hests in the Tenure of the said John How of Little Heath as appeareth likewise in the Setting forth of his Copyhold Land. But whether it be the Land mentioned in that Article or not Wee know not.

And further concerning the Land called Balkeyes Wee answer, That there be divers Lands called Bawkes cont^d by Estim 3 Acres be it more or less or Balkeyes cont^d by Estim 15 Acres whereof James Mayne Esq^r holdeth those 3 Acres called Bawkes And Francis Wethered Gent^r holdeth the other 15 Acres called Balkeyes which said severall Parcells are & time out of Memory of Man always reputed Copyhold, and no Parcell of the Demeasnes for ought Wee know.

And further concerning the Garden in Northchurch in the Occupaⁿ of Stephen Royce, it is already presented amongst the Demeasnes. And so likewise Butchers Mead and long Stable Mead.

And further concerning the Field called Leyfield Wee answer, That there is a Field called by the name of Leyfield cont^d by Estim about 8 Acres lyeing in the Parish of Barkhamsted S^t Mary's als Northchurch in the Tenure of William Herne the rent thereof 1^s 4^d payable and paid Time out of Memory of Man unto Francis Barker Gent^r & others whose Estate he hath as appeareth by some antient Deeds & Presentments at the former Survey in the Terrio^r of the Quit Rents due to others.

And further concerning the House called S^t Thomas of Acon, Wee answer That there was as Wee have heard a House called S^t Thomas of Acon. But whether the same were in Barkhamsted S^t Peter's or Barkhamsted S^t Mary's als Northchurch or were any part of that which is come to Edmond Young Esq^r or not Wee know not, Nor what Rent is due for the same.

And further concerning four Acres and one rood called Hests Wee answer That Wee know not who holdeth the same nor whether this Land or any other Land before menconed to be in the Tenure of the said John Howe were the Lands of Jeffery Hests or not Wee know not.

And lastly concerning all the rest of the parts of the s^d five & twentieth Article [being the last Article] Wee answer That Wee have considered & endeavored to the uttermost of Our Powers, and inquired of many aged Persons as well Strangers as Ten^{ts} inhabiting within or near ab^t the said Hono^r but cannot be sufficiently informed whereby to give any further Answer thereunto, nor unto any of the former Articles, neither do Wee See any Likelihood thereof for that as it Seemeth, That the most part of the [that] last Article, and many of the former Articles are grounded upon an old Record above Three hundred years old. In which Time many Names as well of Men as of their Lands are utterly discontinued and out of knowledg and many Mann^{rs} Farmes & other Messuages dismembered and some Messuages increased or new made. And as Wee conceive That Some of the Towns & Places menconed in the s^d Article are in Ardingworth w^{ch} as Wee are informed is in Northamptonshire and not within the said Parish of Barkhamst^d St^t Peter's & Barkhamsted St^t Marys als Northchurch & others may be in other places or other Countys for aught Wee know, for that there are not any such Names here to Our Knowledg, or that Wee ever heard of.

AND THIS WEE TAKE TO BE A FULL AND PERFECT ANSWER TO ALL THE ARTICLES GIVEN TO US IN CHARGE TO BE INQUIRED UPON FOR THIS PRESENT SERVICE TO THE UTMOST OF OUR KNOWLEDGES. YET NEVERTHELESS FOR AVOIDING OF ERROR THAT MAY HAPPEN, EITHER FOR WANT OF JUDGMENT OR TRUE INFORMATION WEE HUMBLY PRAY A FURTHER SUPPLY ADDICION OR REFORMATION OF ANY THING THAT SHALL BE FOUND AMISS UPON FURTHER CONSIDERATION HAD THEREIN. FOR THAT OUR DESIRE IS TO PRESENT THE TRUTH IN ALL THINGS TO THE UTMOST OF OUR KNOWLEDG AND UNDERSTANDING. AND IN TESTIMONY THEREOF WEE HAVE HEREUNTO SET OUR HANDS.
